Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 02 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold, dry and bright but turning wetter and milder overnight.

Today:
A frosty but bright start. Remaining dry and bright, though continuing to feel chilly with an early frost likely after dusk. Turning cloudier through the evening from the west. Maximum temperature 5 deg C (41 deg F).

Tonight:
Cloudy with outbreaks of rain, these falling as sleet and snow at first over high ground, bringing a risk of ice early on in the night. Milder by the morning. Minimum temperature -1 deg C (30 deg F).

Friday:
A damp and cloudy but mild start. Perhaps turning brighter and colder by the afternoon. Chilly in the evening. Maximum temperature 8 deg C (46 deg F).

Outlook for Saturday to Monday:
Unsettled on Saturday with blustery showers, wintry over high ground. Drier and calmer on Sunday. Further rain and possibly snow on Monday.
